Regarding ban of single use Plastic

Plastic Pollution is currently one of the biggest environmental concerns. The short term benefits and convenience of plastic and plastic goods have led to boom in the production and consumption of plastic. Over the past century, excess-consumption of plastic has surpassed management of plastic waste and led it to become a scourge to the planet. Plastic is a menace that impacts not the environment as well as our health and wellbeing.

We have all contributed to this problem, knowingly and unknowingly, therefore we must work to reduce to eliminate plastic pollution. There is a need for educational institutions to actively contribute to the effort of banning the use of single use plastics. Our college has undertaken initiative to adopt policies and practices towards cleaner and plastic free campus. The sign boards will be displayed on the campus regarding Single Use Plastic Ban.

Objective of Single Use Plastic Ban Campaign

- Ensure plastic free campus in the institution. Students and faculty must work towards this in mission mode. Usage of plastics should be stopped in canteens in the institution's premises and hostels, etc.
- Students may not be permitted to bring non-bio-degradable plastic items to the institution.
- Every student will strive to make his/her household plastic free.
- Students to be motivated to carry out similar campaigns at community level.
- Ensure presence of alternative solutions like cloth bags, steel bottles instead of plastic bottles, covers and other goods on campus.
- All NSS Units which have adopted village under Unnat Bharat abhiyan shall undertake a campaign in their adopted village till they are converted into "plastic free village" through promoting awareness and encouraging shift to alternative products.
